European Research Area (ERA) corona platform – Calls for Proposals

May 27, 2020

The European Research Area (ERA) corona platform has published in mid-May 2020 a few Calls for Proposals in the framework of "Horizon 2020" Program, which are designated for companies with a variety of developments intended to deal with COVID-19 implications, at an aggregate amount of 50 million Euros. Such grants are focused on research and innovation actions in the following fields: Medical technologies, Digital tools and Artificial Intelligence analytics to improve surveillance and care at high Technology Readiness Levels; Repurposing of manufacturing for vital medical supplies and equipment; Behavioural, social and economic impacts of the COVID-19 outbreak response; Networking of existing EU and international cohorts of relevance to COVID-19, and more.

These Calls for Proposals are open for submissions until June 11, 2020. Additional information is available [here](#).
